26 February 1970

NPIC TRAINING SELECTION PANEL

Minutes of the Twenty-first Meeting

1000, 25 February 1970

Attendees:

Executive Officer, TSSG - Chairman  
Executive Officer, PSG  
Executive Officer, IEG  
Executive Officer, PPBS  
Executive Secretary

1. The Training Selection Panel met to consider nominees for the Midcareer Executive Development Program, Syracuse University Midcareer Program, and the Naval Command and Staff Course. The Panel selected for Career Service Board action [redacted]

[redacted] (PSG) as candidates for the twenty-fourth Midcareer Executive Development Course to be held from 3 May to 12 June 1970. NPIC has been requested to submit the names of two nominees for the course. The Panel also selected [redacted] as the Center's top woman candidate for the Midcareer Course and recommended that her name be forwarded at the first opportunity to enroll a female. The nature of the course is such that it can not accommodate just one female student. It was also determined that the Center did not have any candidates for the Syracuse University Program or the Naval Command and Staff Course.

2. The Panel reviewed the working list of suggested NPIC Midcareer Candidates prepared at the previous meeting. During the discussion, the IEG and PSG members expressed the firm opinion that no NPIC nominee for the Midcareer Course should be forwarded to the DDI if the individual does not have a college degree. It was agreed that the candidates who do not have a degree would be placed in a "special category" for Career Service Board action. Panel members agreed upon a list of NPIC Midcareerists arranged in order of first, second, and etc. choice of each Group and Staff. The list of candidates is attached. For each running of the Midcareer Course the Panel will review the list of candidates and select nominees for the NPIC Career Service Board approval.

Declass Review by NGA.

3. The Panel determined that it did not have a candidate for the Midcareer Executive Development Program conducted by the Maxwell Graduate School of Syracuse University for the following reasons:

- a. the total cost of the Syracuse program is over \$4,000 not including the individual's salaries-- all charged to NPIC and nothing in the current budget;
- b. no Agency or Office of Training evaluation available;
- c. the information in the program brochure was not in sufficient detail to permit an evaluation on the program's suitability to satisfy Center requirements.

The Chief, Training Branch was asked to obtain additional detailed information to enable the Panel to determine if the Center should make use of the program and if so, provide for it in future budgets.

Executive Secretary  
Training Selection Panel, NPIC
